Smith tried to join to see what was going on during the pandemic but couldn't. Blanco said Angelo is being supported on the platform. Hodges mentioned not wanting to be responsible for students' schedules (doing the job of a counselor). Blanco wondered about revising SPSA funds. Maybe CR could get one for 25% of the time. We could propose using the funding from the SPSA a little differently to reconfigure the budget. Hopefully BP will have a counselor by the next meeting and we can talk about reconfiguring. Smith mentioned an intern.
